This Is Why We Recall!

It is so gratifying to see so many people taking such an active part in this Recall Effort, from the very young to the very old. Each person has his or her reason(s) for wanting to Recall Scott Walker, Rebecca Kleefisch, and Terry Moulton.

But for the most part, it is just because they care. They care enough to stand in the cold and hold a sign, or to endlessly knock on doors - simply to ask others if they, too, care, and are willing to sign a recall petition.

I have had the great fortune to meet many of these volunteers and there isn't one of them who doesn't care deeply about what they are doing. And they care not just because it affects them, but because others are suffering, too.

That caring seems to be lacking in mainstream Republican thinking these days. I don't get how someone can be so consumed with themselves that they really don't care about the welfare of their neighbors. I guess I probably never will get it.

I do get this. Those who care are doing the right thing!

Al Holle

"The recall enables the people to dismiss from public service those representatives who dishonor their commissions by betraying the public interest. These measures will prove so effective a check against unworthy representatives that it will rarely be found necessary to invoke them." --Robert M. LaFollette Sr. (defacto creator of WI recall statute)

59,866 is the total number of voters from the 2010 General Election for the 23rd Senate District. We need 14,942 to recall Terry Moulton. The road to recall started November 15.

Our Button-Maker

We are looking for some unique political designs or sayings that would make for some exciting buttons!

Simply said, now more than ever, we need Pat Kreitlow in Congress - to preserve our working families and our democratic ideals. Recent polls indicate this is a very winnable seat, but Pat needs local donations to show he has the support here back home. Give Now!
